

Garage Door Technician Job Description | Glick Inc.

Glick, Inc. — the Leader in Central PA's Garage Door Industry — is ready to hire the right Garage Door Technician TODAY!

Come and join our family business, with nearly 50 years in the garage door industry. This full-time position offers great health care and retirement benefits.

If you're looking to grow with a great team, then the folks at Glick need to hear from you today!

We're looking for candidates who can:

- Proficiently read and use both a level and tape measure accurately.
- Evaluate job site including measuring for proper opening width, height, and headroom.
- Use power tools and hand tools efficiently.
- Identify product and compare it to items on invoice before install of product.
- Install both garage doors and openers in residential and commercial settings.
- Perform general service to doors and door openers (evaluate parts and replace if necessary).
- Install and replace broken springs torsion or extension, rollers, pulleys, sections, etc.
- Maintain a clean work environment both at customer site and on work truck.
- Keep a clean and neat personal appearance.
- Provide our customers with a professional experience on every job.
- Strive for accuracy on every job to eliminate return calls.
- Ensure proper tools and parts are on truck.

Education & Skills:

- High school or GED equivalent.
- Experience in garage door industry preferred, but not required.
- Basic math and proficiency with power & hand tools.
- Valid PA driver's license and clean driving record.
- Willingness to be taught and learn.

Garage Door Technician Job Description | Glick Inc.

Applicant must also be able to:

- Lift up to 80lbs.
- Work while on ladders, scissor lifts, and boom lifts.
- Work year-round in all weather conditions.
- Listen to directions and take constructive criticism.
- Be a team player.
